

Festival of Motorcycling: Ulysses Club ride Wednesday 6th October 2021

The Tree Gully Hotel has kindly allowed us to use their extensive car park behind their pub as a starting point for our ride. They have also offered to provide us with an egg and bacon roll (\$5) and tea and coffee facilities for riders. We'd like people to get those early to give the pub time to cook them as we are not going to delay the 10:00 am starting time. The ride-leader's talk will be at 9:50 with departure immediately after.

Please arrive at 9am to order your roll and also socialise and admire the various machines there. There are toilets on site.

The Mt Pleasant bakery will have to be advised of the size of our group, but please refrain from ordering coffee as the service is slow and we have a tight schedule and aim for a 20 minute toilet break only. At Mengler's Hill lookout we will only stop briefly (10 minutes) for people to look at the fabulous view and take photos.

At the conclusion of the ride at the Vine Inn in Nuriootpa, those who are having a meal in the pub will park in the extensive parking area both sides of Park Avenue behind the pub. Everyone eating at the pub will order and pay for their own meal on the day.

We intend to have experienced riders from our Club as corner-marshals, wearing hi-vis vests, riding in a group behind the ride-leader and in front of all the other bikes. Most have current police accreditation. After their turn of corner-marshalling they will re-join at the rear of the ride until the leg is completed.

At the beginning of each leg, these guys in orange vests will again ride just behind the ride leader in front of the others on the ride, so they can do their corner-marshalling duties and leave the rest of the field to enjoy the event.

We will have two tail-end charlies so that if one stops with a bike having trouble, the other can continue with the ride. We have a volunteer who will drive his 4WD behind the group with a motorcycle trailer with ramps. He also is a very experienced nurse.

We have endeavoured to plan this ride free of dangerous corners. Most of the roads we have chosen are not normally busy at the times we'll be riding on them. Please leave 2 seconds between bikes and not indulge in unnecessary passing.

We ask that participants have machinery that can maintain an 80 kph cruising speed on the open road, so the ride would not be suitable for Veteran and some Vintage motorcycles.

Bob Braunsthal....Ride-leader & Neville Gray.....Road Safety Officer Ulysses Club, Torrens Valley

Ride Schedule

1st leg to Mt Pleasant bakery (approx. 1 hour)

10:00 a.m. start	Tea Tree Gully Hotel.....0 km
